Create Portal User Using Zoho Creator

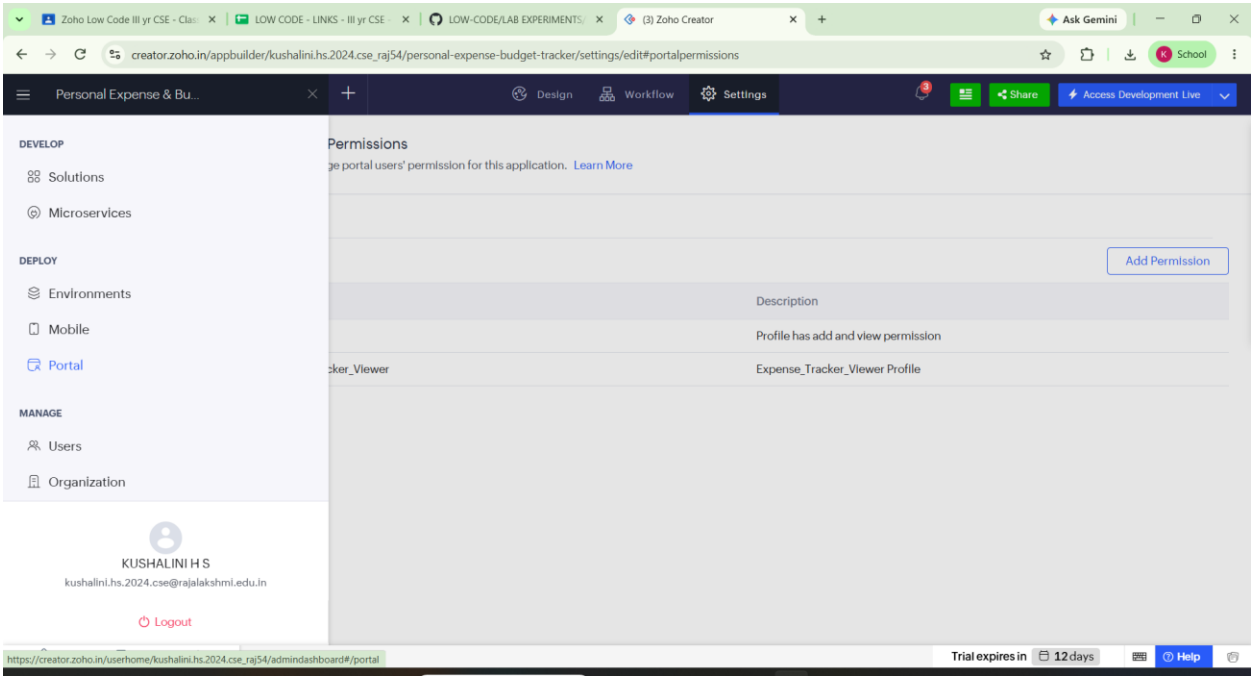

Aim

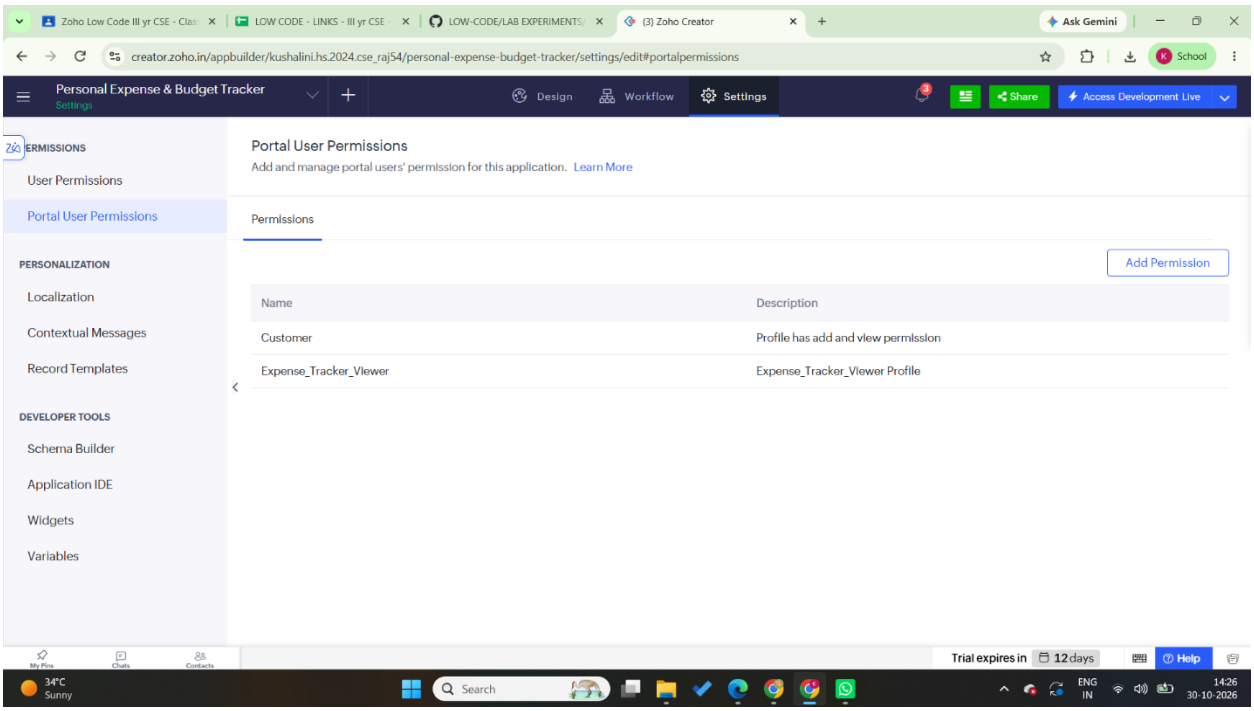

To create and configure a portal in Zoho Creator to provide external users with controlled access to the Personal Expense & Budget Tracker application.

Procedure

1. Open the Personal Expense & Budget Tracker application in Zoho Creator.
2. Navigate to Settings → Portal and configure the portal.
3. Set the portal type and configure the portal URL.
4. Set the default portal permission to Customer.
5. Create a permission set named Expense_Tracker_Viewer.
6. Configure the permission set to provide the required viewing access to authorized application forms and reports.
7. Add and manage portal users and assign the appropriate permissions.
8. Open the portal using the portal URL and test user login and record submission.
9. Verify that portal access and form operations work as expected.

Output

Result

The portal for the Personal Expense & Budget Tracker application was configured to provide external users with controlled access using the Customer and Expense_Tracker_Viewer portal permissions.
