Create Schedule Using Zoho Creator

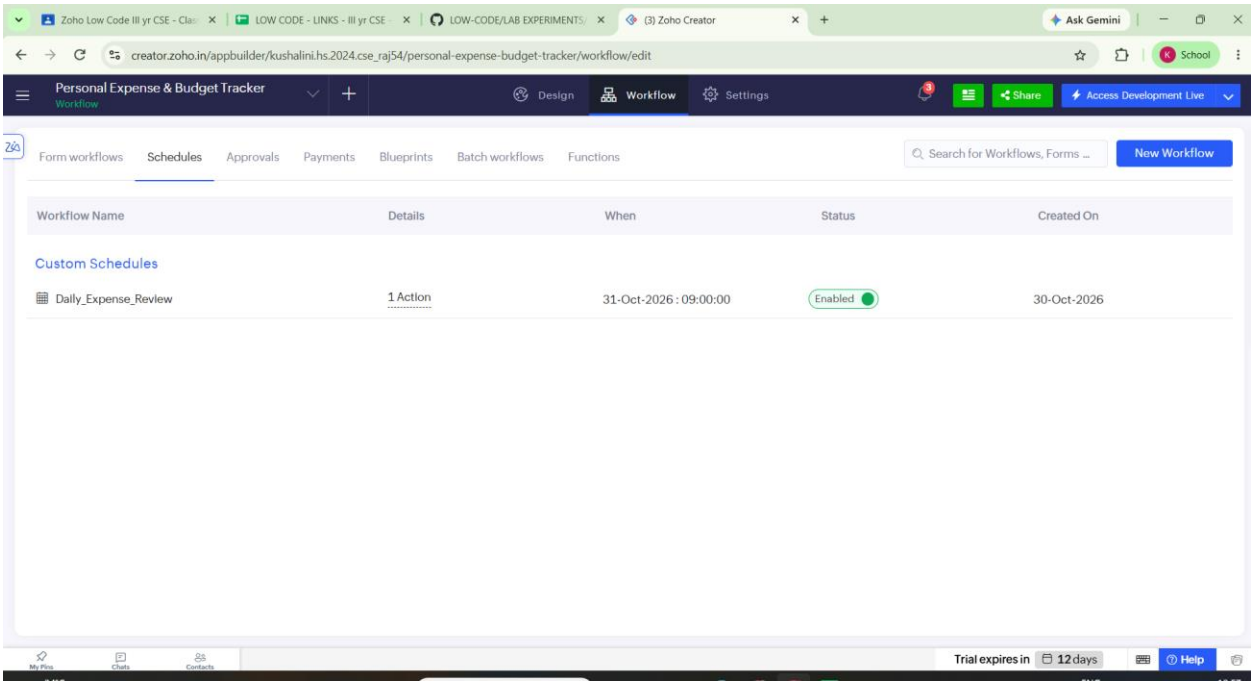

Aim

To create scheduled workflows in Zoho Creator to automate periodic monitoring and notifications in the Personal Expense & Budget Tracker application.

Procedure

1. Open the Personal Expense & Budget Tracker application in Zoho Creator.
2. Navigate to Workflow → Schedules.
3. Create a custom schedule named Daily_Expense_Review.
4. Configure the schedule to run daily at 9:00 AM.
5. Set the schedule to identify expense records that are pending or overdue for review.
6. Configure the schedule to send email notifications to the user regarding pending or overdue expenses.
7. Save and enable the schedule.
8. Configure weekly and monthly schedules if required for additional periodic monitoring.
9. Verify the scheduled execution and email notifications.

Output

Result

The Daily_Expense_Review schedule was configured to monitor pending and overdue expense records and notify the user automatically in the Personal Expense & Budget Tracker application.
