Create Blueprint Using Zoho Creator

Aim

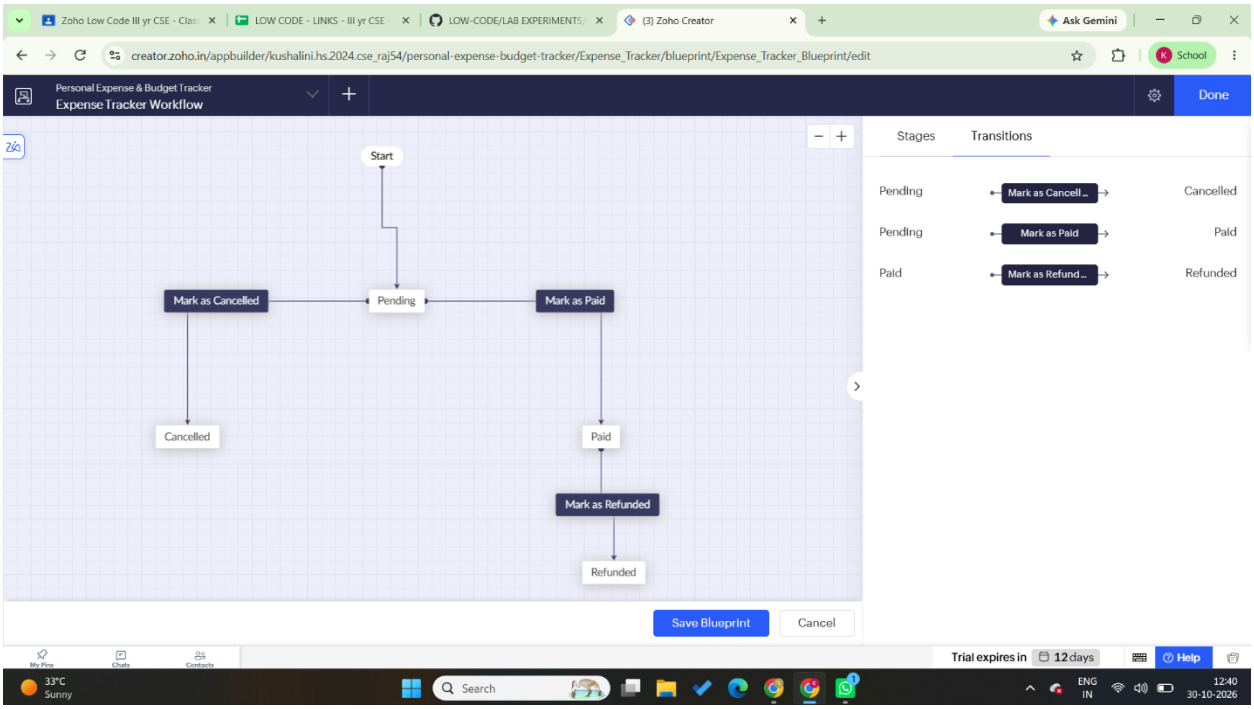

To design and implement a blueprint in Zoho Creator to manage the expense lifecycle in the Personal Expense & Budget Tracker application.

Procedure

1. Open the Personal Expense & Budget Tracker application in Zoho Creator.
2. Navigate to Workflow → Blueprints.
3. Create a blueprint named Expense_Tracker_Blueprint for the Expense Tracker form.
4. Define the stages as Pending, Paid, Cancelled, and Refunded.
5. Configure transitions such as Mark as Paid, Mark as Cancelled, and Mark as Refunded.
6. Set the required transition conditions and actions to control movement between stages.
7. Enable the blueprint and test the transitions using expense tracker records.

Output

Blueprint Diagram:

Result

The Expense_Tracker_Blueprint was implemented to manage expense records through defined stages — Pending, Paid, Cancelled, and Refunded — and transitions in the Personal Expense & Budget Tracker application.
