Create Approval Process Using Zoho Creator

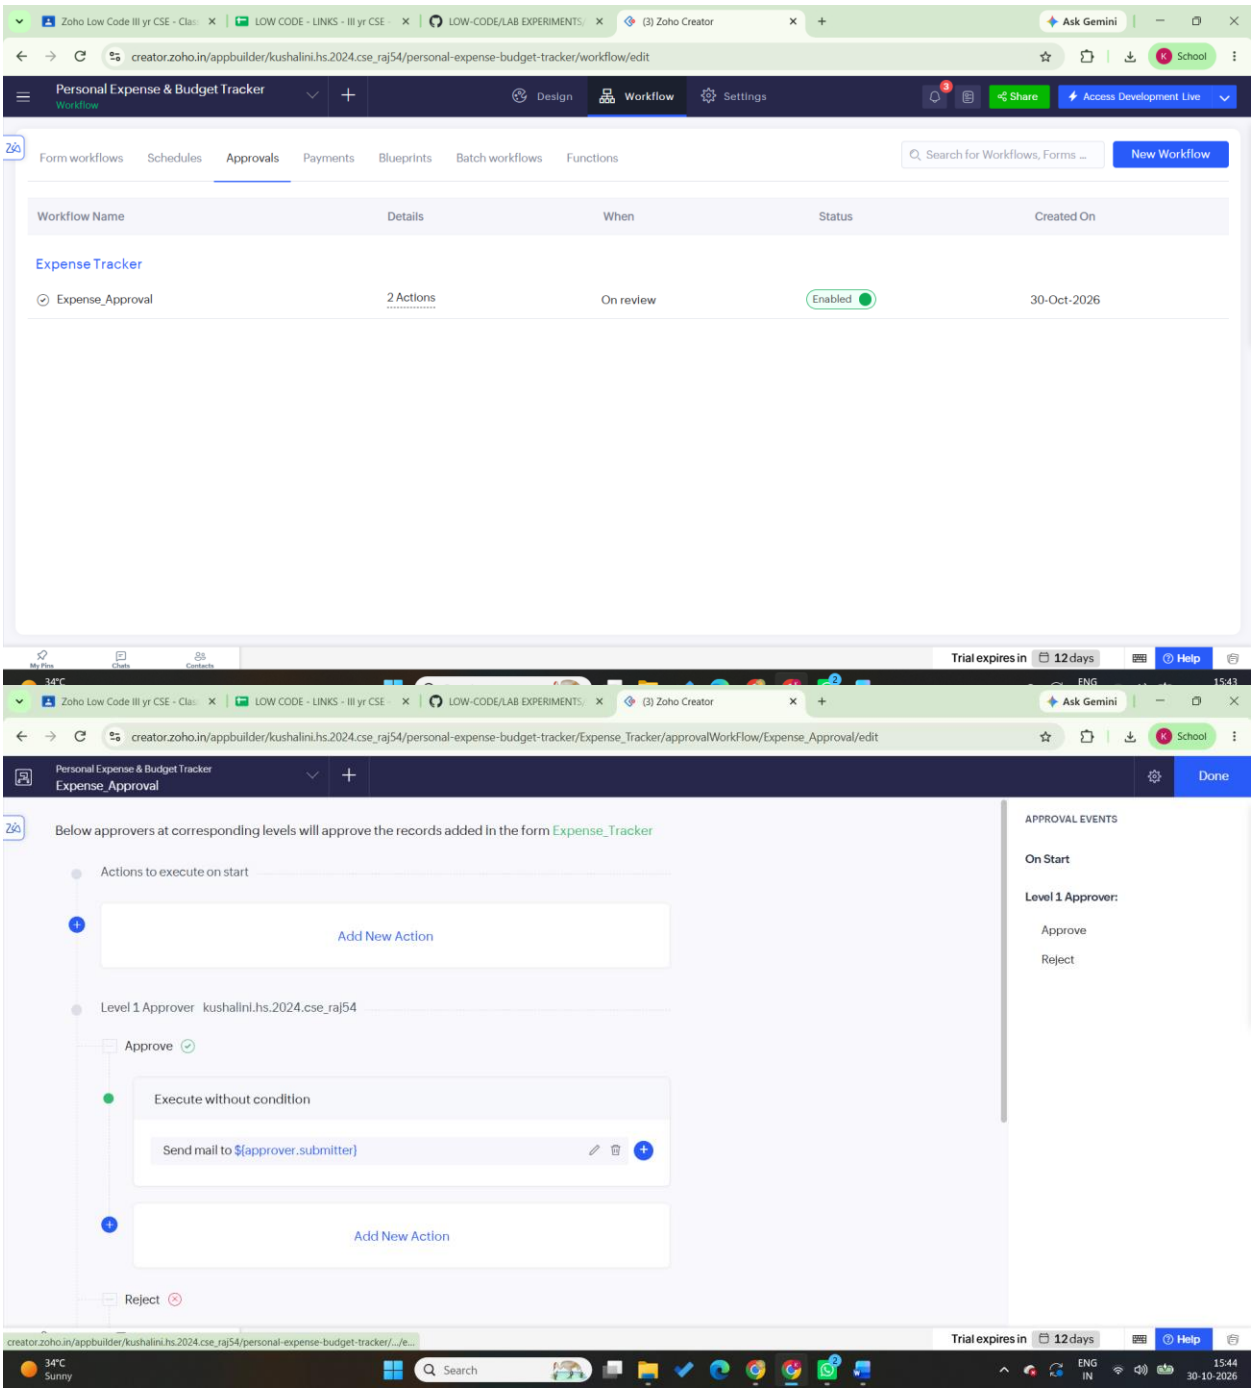

Aim

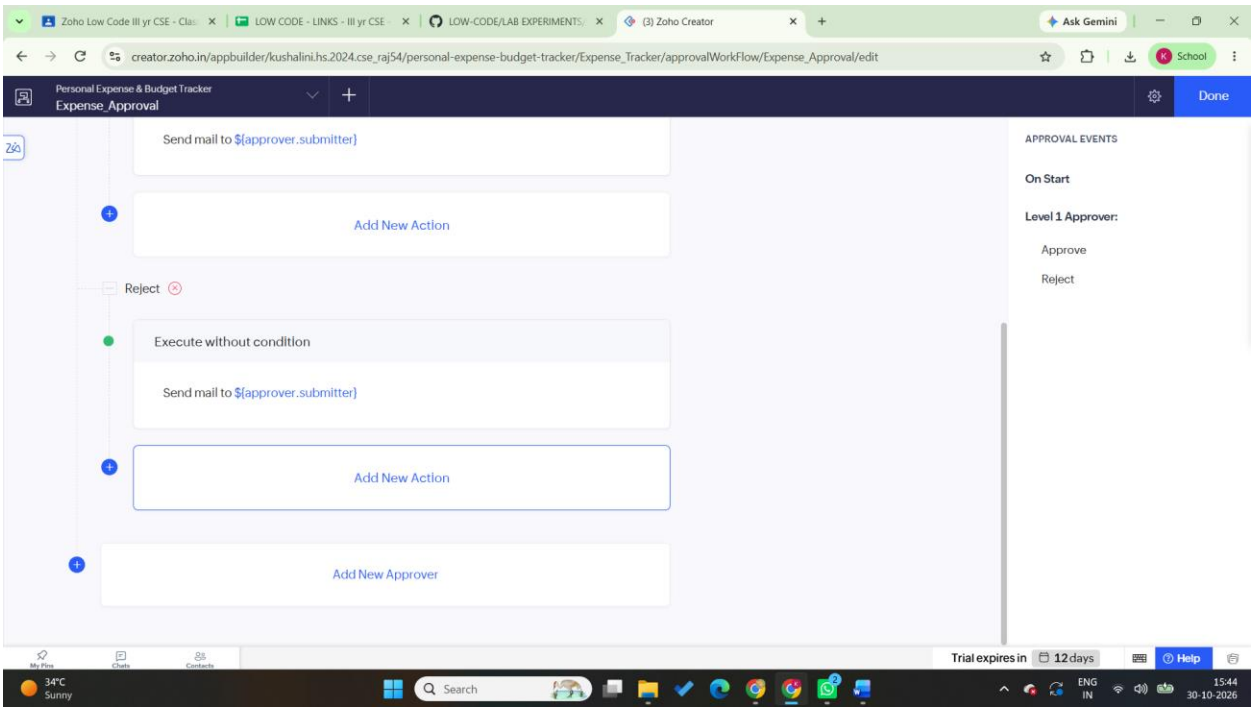

To implement an approval process in Zoho Creator for reviewing and approving expense records in the Personal Expense & Budget Tracker application.

Procedure

1. Open the Personal Expense & Budget Tracker application in Zoho Creator.
2. Navigate to Workflow → Approvals.
3. Create an approval workflow named Expense_Approval for the Expense Tracker form.
4. Configure the workflow to trigger when an expense record is submitted for review.
5. Assign the Budget Approver role as the approver.
6. Configure the approval actions to update the expense status to Approved when accepted and Returned for Correction when rejected.
7. Enable the approval workflow.
8. Submit a test expense record and verify that the approval request appears for the Budget Approver.
9. Test the approval and rejection process and verify the updated status.

Result

The Expense_Approval workflow was implemented to enable the Budget Approver to review expense records and approve or return them for correction in the Personal Expense & Budget Tracker application.
